An institution's board of directors or its designated committee is responsible for adopting and reviewing policies and procedures that establish an effective real estate appraisal and evaluation program. The program should:

- Provide for the independence of the persons ordering, performing, and reviewing appraisals or evaluations.
- Establish selection criteria and procedures to evaluate and monitor the ongoing performance of appraisers and persons who perform evaluations.
- Ensure that appraisals comply with the Agencies' appraisal regulations and are consistent with supervisory guidance.
- Ensure that appraisals and evaluations contain sufficient information to support the credit decision.
- Maintain criteria for the content and appropriate use of evaluations consistent with safe and sound banking practices.
- Provide for the receipt and review of the appraisal or evaluation report in a timely manner to facilitate the credit decision.
- Develop criteria to assess whether an existing appraisal or evaluation may be used to support a subsequent transaction.
- Implement internal controls that promote compliance with these program standards, including those related to monitoring third party arrangements.
- Establish criteria for monitoring collateral values.
- Establish criteria for obtaining appraisals or evaluations for transactions that are not otherwise covered by the appraisal requirements of the Agencies' appraisal regulations.
